Subject: Request for Notes from Missed Lecture on 3rd October 2026

Respected Professor Dr. Parvathy

I'm writing to ask if you could share the notes or slides from the LSFE lecture on 3rd October 2026. I was unwell that day and could not attend.

I want to review the topics covered so that I can understand them and keep up with the rest of the course.

I would also like to know if any announcements were made, such as assignments, deadlines, or exam details. I want to make sure I do not fall behind in class.

Could you please reply to this email with the notes or slides, along with any announcements, by Monday?

Let me know if you need any information from me. Thank you for your time, and I look forward to your reply.

Best regards,

Rahul. A
